Any such information, if available, from the past records of the Government, will be very useful for the guidance of the surveyors.

4) We may be permitted to request you, therefore, to kindly let us have all available information with the Government relating to the geological resources of the district of South Kanara, so that we may collect further information, if necessary, on the basis of the materials supplied by you, and keep it ready for the guidance of the survey party on arrival.
